

A **Beautiful North** canoe trip is designed to take advantage of the finest natural features of Ontario's wilderness parks. Our trips will challenge you but they are not tests of your strength or stamina. Whether it is paddling or portaging, setting up camp or filtering water you will be encouraged to participate in the way that makes you most comfortable, and provides you with opportunities to develop your skills and build confidence.

Food is an essential part of the **Beautiful North** experience. From your morning cup of fair-trade coffee or herbal tea, to wine with dinner, and bedtime snacks, we offer a wilderness cuisine that is creative, healthy, abundant, and flexible enough to meet your dietary needs and preferences. Prices include all park fees, equipment and meals. We provide a checklist for all you need to bring -- clothing, personal effects and a sleeping bag. Additional costs are limited to travel expenses to and from the point of departure.
